<b>Pregled cijena žive stoke</b>	<b>3-7</b>
<b>Transport grla</b>	<b>8</b>

## PONUĐA NA STOČNIM PIJACAMA

### Dobra ponuda na stočnim pijacama

U toku prethodne nedjelje bilježimo dobru i raznovrsnu ponudu na većini pijaca. U Nikšiću imamo najbolju ponudu.

U Baru smo imali najbolju ponudu jaradi sa cijenom od 3,3 do 3,6€/kg žive mjere i u ponudi je bilo 45 grla. Trgovina se obavljala na farmama i na pijaci.

U Beranama u ponudi je bilo 11 jaradi sa cijenom od 2,5 do 3€/kg žive mjere i 18 priplodnih koza sa cijenom od 60 do 150€/grlu.

Na podgoričkoj stočnoj pijaci je ponuđeno samo 8 jaradi sa cijenom od 2,8 do 3,1€/kg žive mjere.

U Nikšiću i Bijelom Polju u ponudi su bile koze sa jaradima sa cijenom 130 do 180€/grlu u Nikšiću (20 grla), a Bijelom Polju od 100 do 120€/grlu (9 grla).

U Pljevljima nije bilo ponude jaradi već samo priplodnih koza. U ponudi je bilo 15 grla sa cijenom od 85 do 100€/grlu.

### Bar

Cijene žive stoke ove nedjelje su na nivou od prethodne. Na stočnoj pijaci ove nedjelje u ponudi smo imali sami 10 jaradi po cijeni od 7€/kg polutke. Trgovina se i dalje uglavnom obavlja na farmi uz solidnu ponudu jagnjadi, jaradi i teladi.

### Berane

Na stočnoj pijaci u Beranama bila je loša ponuda žive stoke, osim kod kategorija prasadi i priplodnih koza. Cjenovni trend je na istom nivou od prethodne nedjelje, u padu je kod prasadi, a kod jagnjadi u porastu. Tražnja je slaba.

## Nikšić

Ove nedjelje, u poređenju sa prethodnom za-  
bilježene su promjene cijena žive stoke. Tako  
je sada dominantna cijena jagnjadi 2,8€/kg ži-  
ve mjere (pad od 0,2€/kg). Pala je i cijena ži-  
ve mjere junadi do 300 kg, pa se ona prodaju  
od 2 do 2,3€/kg. Priplodnih ovaca se prodaju  
bez jagnjadi, a njihova cijena je od 80 do  
120€/grlu, dok se priplodne koze i dalje pro-  
daju sa jaradima. Cijene ostalih vrsta i katego-  
rija su na prošlonedjeljnom nivou. Podaci o  
ponudi i cijeni žive stoke se i dalje uzimaju  
direktno sa farmi jer na stočnoj pijaci nema  
ponude.

## Pljevlja

Ponuda stoke u Pljevljima protekle sedmice  
bila je veoma dobra. Trgovina se obavljala na  
pijacama i farmama. I dalje su najviše u po-  
nudi jagnjad i telad. Zadovoljavajuća je ponu-

da i ostalih vrsta stoke. Cijene se bitnije nijesu  
mijenjale (zavisno od kvaliteta).

## Bijelo Polje

U toku ove sedmice na bijelopolskim stočnim  
pijacama nije bilo promjena u cijenama ponu-  
đenih vrsta i kategorija. Ponuda je u blagom  
porastu kod svih kategorija a najbolja ponuda  
je kod kategorija jagnjadi, teladi i kod priplod-  
nih ovaca. Potraznja je na visokom nivou.

## Podgorica

Veoma mala ponuda u Podgorici ove nedje-  
lje. U ponudi je najviše bilo jagnjadi oko 60  
grla sa cijenom od 2,5€, prasad su prodavana  
po cijeni od 3,5€ a telad za prosječno 3€/kg  
žive mjere. Junadi i krava je bilo veoma malo  
po 4 odnosno 5 grla sa cijenom od 2,1€ pro-  
sječno za telad do 1€/kg žive mjere za krave  
za klanje.

## Transport grla

Prilikom transporta grlu treba obezbijediti dobre i bezbjedne uslove. Najbolje je grla transportovati specijalizovanim vozilima, tzv. kamionima stočarima, a za prevoz se mogu koristiti i drugi, prethodno pripremljeni kamioni, pa i traktori. Ukoliko prevozno sredstvo nema utovarnu rampu, mora se obezbijediti pogodno mjesto za utovar grla, dok se na izložbenom mjestu obično obezbijede uslovi za bezbjedan istovar grla.

### Kolekcije ovaca i koza

Na izložbama učestvuju i kolekcije ovaca i koza svih rasa koje se gaje u Crnoj

Gori. Taj dio izložbe ima revijalni karakter, mada u posljednje vrijeme poprima takmičarski karakter. Izložena kolekcija treba da ima 10 priplodnih grla (9 ženskih i 1 muško priplodno grlo). Sva grla u kolekciji treba da su iste rase ili soja. Kolekcija treba da bude što ujednačenija, u pogledu tjelesne razvijenosti, izgleda runa kod ovaca, boje kostreti kod koza. Mnogo ljepši utisak daju kolekcije gdje su sva grla bez rogova, ili sa rogovima. Šarenilo u bilo kom pogledu umanjuje opšti utisak o izloženoj kolekciji.
